BOOK SYNOPSIS

Cartoonist Edward Ross uses comics to illuminate the ideas behind our favorite movies. In *Filmish*, Ross's cartoon alter ego guides readers through the annals of cinematic history, introducing some of the strange and fascinating concepts at work in the movies. Each chapter focuses on a particular theme--the body, architecture, language--and explores an eclectic mix of cinematic triumphs, from *A Trip to the Moon* to *Top Gun*. Like other bestselling nonfiction graphic novels such as Scott McCloud's *Understanding Comics*, *Filmish* tackles serious issues--sexuality, race, censorship, propaganda--with authority and wit, throwing new light on some of the greatest films ever made.
