## **BOOK SYNOPSIS**

(Music Pro Guide Books & DVDs). Martin Kamenski, a practicing CPA, unleashes years of tax experience on the creative community. He offers explanations in language that is easy for the most number-illiterate to understand. His Chicago-based practice serves clients nationwide and offers artists and creative professionals the explanations they need to make sense of the tangled web of the IRS. Kamenski provides guidance about when to treat yourself as a business. He will advise on the important considerations before incorporating. He will shatter some of the most prevalent (and costly) myths existing in the artistic community. Suitable for any actor, writer, musician, dancer, photographer, director, model, visual artist, band, production company, etc., etc., etc., Kamenski has taken the very fine-tuned method of explaining taxes that made his practice successful and condensed it in a book that will pay for itself tenfold. The playing field is about to be leveled. Prepare to feel in control of your financial future!
